Mr. John Chalker, Chairman  
California Transportation Commission  
1120 N Street  
Room 2221 (MS-52)  
Sacramento, CA 95814

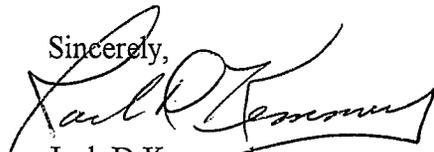

Dear Chairman Chalker,

Please accept this letter as my resignation from the California Transportation Commission's Technical Advisory Committee for Aeronautics (CTC-TACA). I served as an ex-officio member of the committee for ten years while I was Chief of the Caltrans Division of Aeronautics and continued serving as a member after retiring from Caltrans in April 1994. Recent health issues and other personal matters make it difficult for me to attend each of the CTC-TACA meetings and participate fully in its activities.

I believe the air transportation industry plays a vital role in the economic well being of the State of California. I have always felt that the state's role in air transportation should be strengthened to help create and maintain this vital segment of a multi-modal transportation system. California is uniquely located such that air transportation is and will continue to be essential for the movement of people and goods throughout the nation and the world. I am pleased to have been part of the effort to increase the state's role in air transportation and wish the CTC and the TACA all the success in future efforts to strengthen the state's aeronautics program.

I thank you for your personal interest and leadership in providing CTC oversight of the Caltrans Aeronautics Program. Your interest and encouragement in aviation matters as a CTC member and chairman has been noteworthy and welcomed by members of the CTC-TACA. Please express my thanks to Mr. Robert Chung who has provided outstanding staff support for the CTC-TACA over the past several years.

Sincerely,

Jack D Kemmerly

cc: Mr. Chris Kunze, Chairman CTC-TACA
