SB 1333 (Yee)	Avigation Easements							
<b>Color Code:</b> <b>Yellow</b> indicates upcoming hearing/vote and date; <b>Green</b> indicates passage; <b>Red</b> check indicates Governor's signature.								

\*\*\*\*\*

**AB 1660**, *Assembly Member Salas-Chula Vista, District 79 (Emergency Aircraft Flights)*

This bill would amend Public Utilities Code (PUC) regarding emergency aircraft flights. Such flights are exempt in the PUC from adopted local ordinances with respect to the time of day they fly, their noise signature and aircraft type. This bill would extend the local ordinance exemption to the non-emergency flight back to the aircraft's operational base.

**The Latest** -- This bill passed out of the Assembly and will next be heard in the Senate Committee on Transportation and Housing. The bill has not been amended.

**SB 1141**, *Senator Negrete McLeod-Chino, District 32 (Airports: airport land use commissions)*

This bill would prevent some airports in counties without an Airport Land Use Commission (ALUC) from receiving grants from the Aeronautics Account. Some exceptions apply. SB 1141 would also allow the Division of Aeronautics to provide some funds for ALUC start-up costs.

**The Latest** -- This bill was amended on 4/5/10. Having passed out of its first policy and fiscal (May 27, 2010) committee hearings, this bill will next be heard on the floor of the Senate after which, if passed, will be sent over to the Assembly for hearings.

**SB 1333**, *Senator Yee-San Francisco/San Mateo, District 8 (Airports: Avigation Easements)*

This bill seeks to have avigation easements granted to airports earlier in the land development process rather than when a project's certificate of occupancy is issued. Easements would terminate if a project is not fully developed.

**The Latest**--This bill passed out of the Senate and will next be heard in the Assembly.

**AB 2173**, *Assembly Member Beall-San Jose, District 24 (Emergency Air Medical Transportation Providers)*

This bill provides for increased Medi-Cal funding of emergency air ambulance transportation by imposing a \$3 fee on each motor vehicle violation in California, with the exception of parking violations.

**The Latest** -- This bill was amended on 5/28/10. It will now be heard on the Assembly floor and if passed will go over to the Senate to be debated.

**SB 1264**, *Assembly Member Leno-San Francisco/San Rafael, District 03 (Commercial airlines: passenger rights)*

This bill would require passengers on planes that are delayed by two hours or more to be provided with fresh air, light, aircraft waste removal, and adequate food, water and other refreshment. Passenger air carriers would also be required to provide clear notification regarding consumer complaint contact information.

**The Latest** -- This bill was passed out of Senate Appropriations and will now be heard on the Senate floor. The bill will be heard in the Assembly if it receives enough votes for passage in the Senate.

**AB 1272**, *Assembly Member Hill-San Mateo, District 19 (Emergency medical services: trauma center)*

**The Latest** -- 5/12/10 This bill was re-referred (again) to the Committee on Health after it was amended and is now scheduled for hearing on 6/9/10.
