RESOLUTION E-14-21

RECOMMENDATION:

The California Department of Transportation (Department) recommends that the California Transportation Commission (Commission), as a responsible agency, approve the attached Resolution E-14-21.

ISSUE:

The attached resolution proposes to approve for future consideration of funding the following project for which a Final Environmental Impact Report (FEIR) has been completed:

- Burlington Northern Santa Fe (BNSF)/Union Pacific Railroad (UPRR) tracks in Kern County. Add second set of tracks along two segments of existing tracks near the city of Tehachapi. (PPNO TC06)

This project in Kern County will add a second track along two segments of the existing BNSF and UPRR tracks. The project is programmed in the Trade Corridor Improvement Fund. The total estimated cost is \$26,270,000 for capital and support. Construction is estimated to begin in Fiscal Year 2013-14. The scope, as described for the preferred alternative, is consistent with the project scope programmed in the Trade Corridor Improvement Fund.

A copy of the FEIR has been provided to Commission staff. Resources that may be impacted by the project include: visual, land use, farmlands, noise, water quality and stormwater runoff, hazardous waste, geology and soils, and biological resources. Potential impacts associated with the project can all be mitigated to below significance through proposed mitigation measures. As a result, an FEIR was prepared for the project.
