Subject: **STIP AMENDMENT 14S-28**

RECOMMENDATION:

The California Department of Transportation (Department) recommends the California Transportation Commission (Commission) approve the requested State Transportation Improvement Program (STIP) Amendment 14S-28. This item was noticed at the Commission's May 2015 meeting.

ACTION UPDATE: The Other State funds, were reported incorrect on this item for Notice at the May 2015 Commission meeting and has been deleted as it has no other state funds programmed on the Hot Springs Creek Bridge Replacement project (PPNO 6626) in Alpine County.

ISSUE:

The County of Alpine (County) proposes to amend the 2014 STIP by deleting the Diamond Valley Road Overlay Phase 1 (PPNO 3043) and Phase 2 (PPNO 3044) projects, adding the Hot Springs Road Reconstruction project (PPNO 3115) and delaying the Hot Springs Creek Bridge Replacement project (PPNO 6626) from Fiscal Year (FY) 2015-16 to FY 2016-17 to align with the Hot Springs Road Reconstruction project. Alpine County is requesting this change in order to address their most crucial needs.

BACKGROUND:

The proposed amendment allows the County to address the most urgent needs in the region. Hot Springs Road is one of Alpine County's most important roads providing access to Grover Hot Springs State Park, the Humboldt-Toiyabe National Forest trailheads, and other camping areas.

Hot Springs Road is currently experiencing severe deterioration. The County proposes to reconstruct Hot Springs Road in two phases, and is applying for Federal Land Access Program funds to help fund the project. This amendment adds the Hot Springs Road Reconstruction project (PPNO 3115) to address the deterioration. In addition, the Hot Springs Bridge Replacement project (PPNO 6626) will be delayed from FY 2015-16 to FY 2016-17 to allow coordination with the roadway

reconstruction. The County will pursue funding of the Diamond Valley Road Overlay project (PPNO 3043) in a future STIP cycle.

The changes described above are shown on the following tables.
