Subject: STIP AMENDMENT 14S-32

SUMMARY:

The California Department of Transportation recommends the California Transportation Commission (Commission) approve the requested State Transportation Improvement Program (STIP) Amendment 14S-32, and authorize the project to proceed as an Assembly Bill (AB) 3090 Reimbursement. This item was noticed at the Commission's August 2015 meeting.

ISSUE:

Placer County (County) is requesting an AB 3090 cash reimbursement for the use of local funds to replace \$7,600,000 Regional Improvement Program (RIP) funds in Fiscal Year (FY) 2016-17 for construction of the Kings Beach Commercial Core Improvement – Gateway to the Core project (PPNO 1520) in Placer County. The County anticipates reimbursement in the last year of the STIP.

BACKGROUND:

The Kings Beach Commercial Core Improvement - Gateway to the Core project is the second phase of the Kings Beach Commercial Core Improvement project and will complete the west end of the project.

Currently \$7,600,000 in RIP funds are programmed to construction in FY 2016-17. However, the project is ready to be advertised and the County is proposing to use local funds to deliver this much needed project now. The County is requesting an AB 3090 reimbursement of RIP funds as shown in the funding tables below.

This request follows AB 3090 Guidelines, which allow a local agency to use its own funds (non-state or non-federal) to complete a project component early to be later reimbursed with STIP funds currently programmed on the project. An AB 3090 reimbursement agreement will be drafted and submitted to the Commission staff for review prior to the Commission's October 2015 meeting.
