Action**From:** WILL KEMPTON  
Executive Director**Subject:** **APPROVAL OF PROJECT FOR FUTURE CONSIDERATION OF FUNDING  
MITIGATED NEGATIVE DECLARATION FOR THE CONVICT LAKE ROAD  
IMPROVEMENT PROJECT (RESOLUTION E-15-15)****ISSUE:**

Should the Commission, as a Responsible Agency, accept the Mitigated Negative Declaration (MND) for the Convict Lake Road Improvement Project (project) in Mono County and approve the project for future consideration of funding?

**RECOMMENDATION:**

Staff recommends that the Commission accept the MND and approve the project for future consideration of funding.

**BACKGROUND:**

The County of Mono (County) is the CEQA lead agency for the project. The project is located in Inyo National Forest, south of Highway 395, 5 miles west of Crowley Lake and 5 Miles east of the Town of Mammoth Lakes. The project will resurface, rehabilitate and restore 2.75 miles of roadway.

On February 3, 2015, the Mono County Board of Supervisors adopted the final MND for the project and found that the project will not have a significant effect on the environment after mitigation.

Impacts that require mitigation measures to be reduced to a less than significant level relate to biological resources. Mitigation measures include, but are not limited to: conducting rare plant surveys prior to starting construction activities; limiting days and hours of construction activities in order to avoid migration movements of mule deer; properly storing trash used during construction; and placing signage warning of wildlife crossings.

On February 9, 2015, the County confirmed that the preferred alternative set forth in the final environmental document is consistent with the project scope of work programmed by the Commission.

The project is estimated to cost \$5,688,000 and is fully funded through construction with Federal Lands Access Program Funds (\$5,025,000) and State Transportation Improvement Funds (\$663,000). Construction is estimated to begin in fiscal year 2014/15.
