

2014 ACTIVE TRANSPORTATION PROGRAM

Legislation creating the Active Transportation Program (ATP) (SB 99) was signed by the Governor on September 26, 2013. The purpose of the program is to:

- Increase the proportion of walking and biking trips
- Increase safety and mobility for non-motorized users
- Help regional agencies achieve greenhouse gas reduction goals
- Enhance public health
- Ensure that disadvantaged communities fully share in program benefits
- Provide a broad spectrum of projects to benefit many types of active transportation users.

The program is made up of three components:

- Statewide (50% of the funds)
- Small Urban & Rural (10% of the funds)
- Large MPO (40% of the funds)

A minimum of 25% of all ATP funds must benefit disadvantaged communities. In the 2014 program, the statewide component required a minimum of \$72 million for Safe-Routes-to-School projects, including \$21.6 million for non-infrastructure such as education and enforcement activities.

The 2014 Program:

A total of 265 projects with \$367,968,000 in ATP funds were programmed as of December 10, 2014. These projects are valued at

about \$1 billion. Of these projects, ATP funds totaling \$311,274,000 were programmed to 220 projects that provide benefits to disadvantaged communities and funds totaling \$161,360,000 were programmed to 149 safe-routes-to-school projects.

Statewide:

- **126 projects (\$183,843,000)**
 - 112 projects (\$160,859,000) benefit disadvantaged communities
 - 83 projects (\$101,013,000) are safe-routes-to-school

Small Urban & Rural:

- **22 projects (\$36,990,000)**
 - 18 projects (\$30,673,000) benefit disadvantaged communities
 - 13 projects (\$17,984,000) are safe-routes-to-school

Large MPOs:

- **117 projects (\$147,135,000)**
 - 90 projects (\$119,742,000) benefit disadvantaged communities
 - 53 projects (\$42,363,000) are safe-routes-to-school

The 2015 Program:

The ATP guidelines will be revised for 2015, with workshops planned to be held in December and January. The guidelines are planned for adoption at the March 2015 CTC meeting, at which time the next call for projects will occur.
