**STATE HIGHWAY OPERATION AND  
PROTECTION PROGRAM**

**FISCAL YEARS  
2010/11 THROUGH 2013/14**

**Prepared by the  
CALIFORNIA DEPARTMENT OF  
TRANSPORTATION**

**Approved by the  
CALIFORNIA TRANSPORTATION  
COMMISSION**

**In accordance with Government Code Section 14526.5**

**February 24, 2010**

## **2010 STATE HIGHWAY OPERATION AND PROTECTION PROGRAM**

### **EXECUTIVE SUMMARY**

**February 24, 2010**

The 2010 State Highway Operation and Protection Program (SHOPP) was prepared in accordance with Government Code Section 14526.5, Streets and Highways Code Section 164.6 and the strategies outlined in the California Department of Transportation's (Department) Policy for Management of the SHOPP. The 2010 SHOPP is a four-year program of projects for Fiscal Years (FYs) 2010/11 through 2013/14, that have the purpose of collision reduction, major damage restoration, bridge preservation, roadway preservation, roadside preservation, mobility enhancement and preservation of other transportation facilities related to the state highway system.

The 2010 State Transportation Improvement Program Fund Estimate (Fund Estimate) approved October 2009 by the California Transportation Commission (Commission) provides total programming capacity of \$6.75 billion for Capital Outlay and Capital Outlay Support for the 2010 SHOPP four-year period. This is a net reduction in funding as compared to the 2008 SHOPP.

The decline of available funding for the SHOPP together with the following items continues to strain the ability to meet rehabilitation and preservation needs on the state highway:

- The continuing increase in vehicle travel and goods movement contribute to an increasing rate of pavement and bridge deterioration, new traffic collision concentration locations, and increasing hours of traffic congestion.
- The continuing under-funding of preservation and rehabilitation delays needed projects and ultimately increases the cost when projects are undertaken.
- The increasing cost of meeting legal, statutory and regulatory mandates.

The 2010 SHOPP includes unallocated projects from the 2008 SHOPP and new projects that have approved Project Initiation Documents identifying the project's scope, estimated cost and delivery schedule. All 2008 SHOPP projects anticipated to be allocated by the end of FY 2009/10 are excluded from the 2010 SHOPP.

Table 1 summarizes recommended programmed projects and reservations in the 2010 SHOPP. A comparison with the cost to achieve the goals in the Constrained 2009 Ten-Year State Highway Operation Protection Program Plan is also included.

**Table 1:  
Comparison of Funding in the  
2010 SHOPP\* and 2009 Ten-Year SHOPP Plan  
Fiscal Years 2010/11 through 2013/14  
(\$ Millions)**

<b>Program Categories</b>	<b>Recommended</b>		<b>4-Yr Total</b>	<b>40 % of Constrained 2009 Ten-Yr SHOPP Plan**</b>
	<b>Projects</b>	<b>Reservations</b>		
Major Damage Restoration	\$477	\$398	\$875	\$588
Collision Reduction	856	433	1,289	1,421
Mandates	576	192	768	631
Bridge Preservation	975	214	1,189	1,445
Roadway Preservation	1,125	-	1,125	1,176
Mobility	312	28	340	263
Roadside Preservation	58	3	61	65
Facilities	<u>84</u>	-	<u>84</u>	<u>40</u>
Subtotal	\$4,463	\$1,268	\$5,731	\$5,629
Minor Program Reservation		600	600	440
GARVEE Debt Service and Support		379	379	-
Long Lead Capital Outlay Support Reservation		<u>40</u>	<u>40</u>	-
Total	\$4,463	\$2,287	\$6,750	\$6,069

\* Excludes Federal Emergency Relief, Proposition 1B bond and Seismic Retrofit bond funds.

\*\* Un-escalated dollars.

Note: The SHOPP is developed in thousands and rounded for this table. Numbers may not add due to rounding.

## **CALIFORNIA DEPARTMENT OF TRANSPORTATION**

### **2010 STATE HIGHWAY OPERATION AND PROTECTION PROGRAM**

The 2010 State Highway Operation and Protection Program (SHOPP) was prepared in accordance with Government Code Section 14526.5, Streets and Highways Code Section 164.6 and the strategies outlined in the California Department of Transportation's (Department) Policy for Management of the SHOPP. The 2010 SHOPP is a four-year program of projects for Fiscal Years (FYs) 2010/11 through 2013/14.

#### **PURPOSE:**

The purpose of the SHOPP is to maintain and preserve the investment in the State Highway System and its supporting infrastructure.

#### **PROGRAM LEVELS:**

Streets and Highways Code Section 164.6 requires the Department to prepare a ten-year state highway rehabilitation plan for the rehabilitation and reconstruction, or a combination thereof, of all state highways and bridges owned by the state. Funding levels estimated in the 2009 Ten-Year SHOPP Plan<sup>1</sup> were considered when the California Transportation Commission (Commission) approved the 2010 State Transportation Improvement Program (STIP) Fund Estimate at the October 14-15, 2009 Commission meeting.

The 2010 STIP Fund Estimate approved by the Commission provides total programming capacity of \$6.75 billion of Capital Outlay and Capital Outlay Support for the 2010 SHOPP four-year period.<sup>2</sup> This is a net reduction as compared to the 2008 STIP Fund Estimate. Projects are grouped into eight categories; major damage restoration, collision reduction, mandates, bridge preservation, roadway preservation, mobility, roadside preservation, and facilities.

#### **PROGRAMMING POLICIES AND METHODOLOGIES:**

The 2010 SHOPP was developed in accordance with the strategies outlined in the Department's Policy for Management of the SHOPP (Exhibit A). New projects are programmed in the year the Department estimates the projects can be delivered. All new projects have a Project Initiation Document identifying the project's scope, performance measures, estimated cost, and delivery schedule.

---

<sup>1</sup> 2009 Ten Year State Highway Operation and Protection Plan, California Department of Transportation, April 1, 2009, pg 9.

<sup>2</sup> 2010 State Transportation Improvement Program Fund Estimate, approved by the California Transportation Commission, October 14-15, 2009, pg 2.

### **RELATIONSHIP OF 2008 SHOPP TO 2010 SHOPP:**

The 2010 SHOPP includes non-allocated projects carried over from the 2008 SHOPP, primarily programmed in FYs 2010/11 through 2011/12. Due to the reduced funding available in the 2010 Fund Estimate as compared to the 2008 Fund Estimate, a significant number and value of 2008 SHOPP projects were delayed from FYs 2010/11 and 2011/12 into FY 2012/13 and 2013/14. Delaying projects increases cost due to construction cost escalation and increases the scope and cost of projects due to additional deterioration of the infrastructure asset.

The capacity to add new projects has been reduced, primarily due to the reduction of available funding. In addition, the escalation of construction costs continues to erode the buying power of the funding available. These factors limited the number of new projects to less than five percent of the 2010 SHOPP revenues.

All 2008 SHOPP projects anticipated to be allocated in FY 2009/10 are excluded from the 2010 SHOPP.

**2010 SHOPP SUMMARY:**

Table 2 summarizes currently programmed projects in the 2008 SHOPP and new projects funded in the 2010 SHOPP. Jointly, they comprise projects in the four-year 2010 SHOPP, Fiscal Year 2010/11 through 2013/14. A detailed summary of the 2010 SHOPP, by fiscal year, is shown in Exhibit B.

**Table 2:  
Comparison of Funding in the  
2010 SHOPP\* and 2009 Ten-Year SHOPP Plan  
Fiscal Years 2010/11 through 2013/14  
(\$ Millions)**

Program Categories	2008 SHOPP Projects (current)		New 2010 SHOPP Projects		2010 SHOPP Reservations	2010 SHOPP Total	40 % of Constrained 2009 Ten-Yr SHOPP Plan**
	No.	\$	No.	\$	\$	\$	\$

						GARVEE Debt Service and Support Reservations	379
						Long Lead Capital Outlay Support Reservation	40
						Minor Program Reservation	<u>600</u>
							<u>440</u>
						Total	\$6,750
							\$6,069

\* Excludes Federal Emergency Relief, Proposition 1B bond and Seismic Retrofit bond funds.

\*\* Un-escalated dollars.

Note: The SHOPP is developed in thousands and rounded for this table. Numbers may not add due to rounding.

## **PERFORMANCE MEASURES:**

The 439 projects in the 2010 SHOPP will accomplish at least the following:

- 8,400 collisions reduced
- 20 miles of median barrier upgraded
- 970 lane miles of pavement rehabilitated
- 320 bridges rehabilitated or replaced
- 27,000 feet of bridge rail upgraded
- 4 safety roadside rests rehabilitated
- 640 drainage systems rehabilitated
- 400 operational improvement elements installed
- 83 signs rehabilitated

## **RESERVATIONS:**

The 2010 SHOPP includes reservations of \$2,287 million over the four-year period. Reservations include both capital outlay and capital outlay support and are based on historical expenditures for emergencies, additional anticipated safety projects, and other unforeseen immediate needs. Refer to Exhibit B for reservation details.

## **LONG LEAD AND CONTINGENCY PROJECTS:**

Commission Resolution G-00-13, Reporting and Programming of SHOPP Project Development Costs, requires the Department to notify the Commission when project development work has begun on SHOPP projects that are not currently programmed.

The Department has identified 21 high priority future SHOPP projects that involve complex environmental, project selection process, or require more than four years lead time for delivery of the construction contract documents. This list includes projects for project development only to develop a shelf of projects that can be released as appropriate when funding becomes available. Refer to Exhibit E for a list of projects.

## **GRANT ANTICIPATION REVENUE VEHICLE (GARVEE BOND) FINANCING:**

GARVEE bond financing is utilized in the 2010 SHOPP to finance several large rehabilitation and reconstruction projects that would otherwise not be afforded by the available State Highway Account funding. Although this financing mechanism allows these strategic projects to be delivered within the 2010 SHOPP period, the debt service will limit future flexibility. Refer to Exhibit F for the portfolio of GARVEE financed projects.

## **GEOGRAPHICAL DISTRIBUTION:**

The Department's selection of projects for inclusion in the SHOPP is based on statewide needs rather than on geographical distribution. Funding for SHOPP projects is not subject to the north/south split or county share requirements of Sections 188 and 188.8 of the Streets and Highways Code. Refer to Exhibit C for fiscal year summary by County.

## **RESPONSE TO REGIONAL TRANSPORTATION PLANNING AGENCY COMMENTS:**

A draft of the 2010 SHOPP was sent to Regional Transportation Planning Agencies (RTPAs) on November 20, 2009 for review and comment. RTPA comments are included in Exhibit G. Department responses to RTPA comments are as follows:

### **Butte County Association of Governments (BCAG)**

**Comment:** Did not see a project in Butte County on State Route 99 at Neal Road for a signal in the draft project listing. A project study report is currently being developed. The expectation is that this project will be jointly funded by the Department and Butte County.

**Response:** The jointly funded proposed project on State Route 99 at Neal Road is planned by the Department (District 3) within the district's future annual minor program. Minor projects are identified on an annual basis and funded through a reservation held in the SHOPP and are therefore not reflected in the four-year proposed project listing.

### **San Diego Association of Governments (SANDAG)**

**Comment:** Thanked the Department for proceeding with the Interstate 805 auxiliary lane project with Recovery Act funding, encouraged the Department to give an even greater focus on mobility improvement projects, and requested the mobility improvement at the Interstate 5/8 interchange (11-00270) remain on the long lead project list in the 2010 SHOPP.

**Response:** The requested mobility improvement at the Interstate 5/8 interchange will remain on the long lead project list in the 2010 SHOPP.

## **PROJECT LISTINGS:**

2010 SHOPP projects are listed by county in Exhibit H. Projects are sorted into the following eight categories for each county:

1. Major Damage Restoration
2. Collision Reduction
3. Mandates
4. Bridge Preservation
5. Roadway Preservation
6. Mobility
7. Roadside Preservation
8. Facilities

**California Department of Transportation  
Policy for Management of the  
State Highway Operation and Protection Program**

1. **Seismic retrofit projects:** Completion of the seismic retrofit program is one of the top priorities for the California Department of Transportation (Department). Proposition 192 provides special funding for the Phase 2 and toll bridge seismic retrofit projects. Since the Proposition 192 funds are dedicated to this special purpose, they are being managed outside of the overall State Highway Operation and Protection (SHOPP). Every seismic retrofit project will be proposed for the allocation of funds when it is delivered.
2. **Traffic safety projects:** Every identified traffic safety project will be programmed in the year in which the Department estimates that it can be delivered. The SHOPP includes unprogrammed reservations to meet the anticipated needs for traffic safety projects not yet identified. This strategy applies only to those projects meeting the Department's specific criteria for traffic safety (201.010) projects (i.e. safety index greater than 200, or equivalent safety warrant).
3. **GARVEE projects:** GARVEE bond financing may be utilized to finance large rehabilitation and reconstruction projects that would otherwise not be afforded by available State Highway Account funding.
4. **Other SHOPP projects:** All SHOPP projects, other than seismic retrofit or traffic safety projects, will be programmed according to rehabilitation need and other program priorities, except that a project will not be programmed earlier than the year in which the Department estimates that it can be delivered.
5. **Level of funding:** The most recently adopted State Transportation Improvement Plan (STIP) Fund Estimate establishes the funds available for SHOPP purposes. Whenever the Department identifies a project cost increase or a new project to add to the SHOPP, it will identify the source of funding for the increase or new projects, whether from an unprogrammed SHOPP reservation or from the deletion or decrease in cost of another project or projects.
6. **Project cost and scoping:** No project will be included in the SHOPP or the Long Lead list unless the Department has a completed Project Initiation Document.
8. **Review of project programming:** The Department will develop its biennial proposed SHOPP in accordance with these strategies. In addition, the Department will continually conduct comprehensive reviews of the SHOPP in accordance with these strategies.

9. **Total Project Budget:** Effective with the 2010 SHOPP, capital outlay support is a programmable project element.

The objectives of these strategies are:

- develop a SHOPP program that addresses the needs and priorities identified in the Ten-Year State Highway Operation and Protection Plan;
- assure that state resources used for the operation and protection of the state highway system are focused on the highest priority needs; and
- assure that the SHOPP reflects a specific project delivery plan and commitment.

Total	\$1,690	\$1,690	\$1,690	\$1,680	\$6,750

\* Excludes Federal Emergency Relief, Proposition 1B bond and Seismic Retrofit bond funds.

Note: The SHOPP is developed in thousands and rounded for this table. Numbers may not add due to rounding.

### **State Highway Operation and Protection Program Fund Reservations**

The following reservations are being held to allow funding to achieve anticipated needs that will require action, but where specific projects have not yet been defined.

#### Major Damage Restoration:

Reservations are for; (1) unforeseen Major Damage Restoration (201.130) projects and Permanent Restoration (201.131) projects that are not funded with Federal Emergency Relief funds.

#### Collision Reduction:

Reservations are for; Safety Improvement (201.010) projects, which must have a Safety Index of 200 or greater, or meet specific warrants in order to qualify for funding and Worker Safety Improvements (201.235).

#### Mandates:

Reservations are for; (1) Relinquishment (201.160) projects to transfer ownership of state highways primarily serving local jurisdictions to those local jurisdictions, (2) Rail Road Grade Crossing Program (201.325) projects as prioritized by the Public Utilities Commission, (3) Hazardous Waste Mitigation (201.330) projects not associated with a programmed State Highway Operation and Protection Program (SHOPP) or State Transportation Improvement Program (STIP) project, and (4) Americans with Disability Act Curb Ramp (201.361) and Pedestrian Infrastructure (201.378) projects that will not be funded by other SHOPP or STIP projects.

#### Bridge Preservation:

Reservations are for (1) Bridge Preservation (201.119) projects to minimize the need for future bridge rehabilitation, and (2) debt service for Grant Anticipation Revenue Vehicle (GARVEE) financed projects within the four-year 2008 SHOPP period.

#### Roadway Preservation:

Reservations are for debt service for GARVEE financed projects within the four-year 2008 SHOPP period.

#### Mobility:

Reservations are for; (1) Commercial Vehicle Enforcement Facilities (201.321) projects consistent with the Ten-Year Weigh Station "Inventory of Needs".

#### Roadside Preservation:

Reservations are for; (1) Maintenance Worker Access (201.230) projects, and (2) Surface Mining and Reclamation Act (201.240) obligations.

#### Minor Program:

An annual reservation is held for the SHOPP Minor program.

Subject: RE: [CaIRTPA] DRAFT 2010 SHOPP

History:  This message has been replied to and forwarded.

Rick,

I did not see a project in Butte County on SR 99 @ Neal Road for a signal.

A PSR is currently being developed. I think the expectation is that it be jointly funded by Caltrans and Butte County.

Dear Mr. Guevel:

SUBJECT: 2010 State Highway Operation and Protection Program (SHOPP)  
 SANDAG Comments

This letter is in response to your November 20, 2009, request for comments. We appreciate the opportunity to review and comment on the draft 2010 SHOPP. In general, we appreciate the investments that the California Department of Transportation (Caltrans) is making to improve the safety and conditions of the state highway system. We recognize the challenges on the program due to limited funding.

Before moving to specific comments, we want to acknowledge and thank the focus that Caltrans placed on the implementation of the southbound auxiliary lanes on Interstate 805 between State Route 54 and Bonita Road with its allocation of federal stimulus funds. This project is now under construction, and we look forward to its completion.

While we appreciate this project, we would like to encourage Caltrans to give an even greater focus to mobility projects. It is unfortunate that the mobility aspect of the SHOPP continues to be underfunded in this programming cycle. As many self-help counties such as San Diego are making significant investments to add capacity on the state highway system, investments in mobility would provide near-term benefits to the travelling public. Recognizing that SHOPP funding is limited for construction, SANDAG supports getting projects "shovel ready" that can attract funding from one-time opportunities such as the federal stimulus package. Regionally, we would like to request that Caltrans continue to fund the environmental phase of the Interstate 5/Interstate 8 interchange improvements project, a Long-Lead SHOPP project. The state funds on this project are critical as match to other federal funds to finish design.

We would like to note that although the economy is down and sales tax collections also are down, SANDAG is investing its limited funding to finish the design phase for capacity-increasing projects on various freeway corridors in the region. We are doing this to be ready when the next funding opportunity

occurs. Likewise, in order to get operational improvement SHOPP projects in the region "ready to go" to construction, we would encourage Caltrans to expand its development of the preliminary engineering and design phases for these projects.

Thank you for the opportunity to review and comment. Please contact me at (619) 699-1908 if you need additional information.

Sincerely,

A handwritten signature in cursive script that reads "José A. Nuncio". The signature is written in dark ink and is positioned above the typed name.
